### **Response to Amendment**

This Office Action is in response to a communication made on June 22, 2004.

Claims 1-13 and 16-29 are pending in this application.

Claims 1-13 and 16-29 are allowable over the prior art on record.

### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance is that the examiner has found that the prior art of record does not teach or suggest or render obvious a method for querying computer systems in a distributed system, where the steps for querying those computers include selecting an IP address from a range of IP addresses; incrementing the first, second, third, and fourth numbers of IP address in a distinct process, as shown in claim 25. The applicant also amended each independent claim according to the indicated allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**
